About the training

This is an off-road train & trail ride trip of medium difficulty, but the program can be adapted to more advanced groups. The idea for this event was to combine technique training and guided trail rides. The off-road training led by 11 time Dakar Rally participant Simon Marčič will include more advanced riding elements specified below. The trail rides will be guided by Simon through diverse terrain, so the participants can apply new skills in practice, while enjoying breathtaking views of beautiful Istria.

Program

- DAY 1: Meeting in Ljubljana, briefing, ride to Istria with a lunch on the way (off-road 60%, tarmac 40%)
- DAY 2: training 9-12:30, lunch, training 14-17:30 (tarmac 10%, off-road 90%)
- DAY 3: trail ride Istria - Ljubljana with technique practice, lunch on the way (tarmac 50%, off-road 50%)

RIDING TECHNIQUE TRAINING:

Some important tips on safety and training.

Correct standing and sitting position while driving, accelerating and engine braking.

Body balance and dynamic position changes.

Clutch, brake and gas control.

Emergency braking in the field using the rear and front brake.

Advanced driving technique in sand and loose stones.

Driving in a corner with rear wheel slippage.

Avoiding obstacles during climbs and descents.

Working with the suspension and overcoming obstacles.

Learning and improving the jumping technique.

Riding conditions

The way from Ljubljana to Istria will be a mix of tarmac and gravel and we will partly ride Slovenian TET. Istria itself offers a variety of dirt, gravel and rocky terrain. We will follow carefully selected trails, to gain confidence in riding on different surface and to enjoy Adriatic nature.
